Reviews

An exceptional ebook and also the typeface applied was intriguing to read through. I have got read and i also am sure that i am going to likely to go through yet again once more in the foreseeable future. I discovered this pdf from my dad and i advised this ebook to find out.

Cinco Puntos Press. Hardback. Book Condition: new. BRAND NEW, The Bee Tree, Stephen Buchmann, Diana Cohn, Paul Mirocha, The Bee Tree is a magical story about giant bees, about trees that are higher than your eye can see in a forest that is more dark than light, and about a young boy named Nizam who soon will become a man. Nizam lives in a village near the rainforest preserve surrounding PeduLake, just below the Thai border in Peninsular Malaysia. His grandfather Pak-Teh is the leader of the honey hunting clan. It is Pak-Teh who has the high honor of climbing the tall Tualang tree in the annual hunt to gather honey from the nests of giant honey bees. But Pak-Teh is getting older and is now ready to prepare someone to take his place. He believes that Nizam is the one. Even though Nizam has climbed the mighty Tualang-the bee tree-in the daylight, he has never done it at night. Will he be brave enough? On the first moonless night of the honey hunt, Nizam and Pak-Teh and the other honey hunters enter the dark rainforest. Pak-Teh starts the hunt with a prayer and a traditional story. Then he begins to climb. Nizam follows. Can he climb that high and not be afraid? Will the angry bees sting him? At the top, Nizam and Pak-Teh use the honey hunters' secret to keep from being stung, while their clansmen below soothe the bees with chanting. After a week of gathering honey in the nights, the clan returns home to celebrate their sweet and miraculous golden harvest. At this feast, Pak-Teh honors Nizam with an important announcement. This is a collaboration between three remarkable people: a scientist who has been fascinated with insects since the third grade; a writer who believes that...
