PREFACE To comprehend the significance of great world changes, before Time has fully done his work, is difficult. While mighty events are still in their formative period the future is obscure. But our inability to outline the future cannot blind us to the unmistakable trend of the evolutionary forces at work. One thing that is clear is that our boasted Christian civilization is the theater in which has been staged the most un-Christian war of recorded history and in which human atrocity has reached a point that leaves us vaguely groping for a rational explanation of it. Another obvious fact is that the more than twenty nations involved have been forced into measures and methods before unknown and which wholly transform the recognized function and powers of governments. With these startling facts of religious and political significance before us thoughtful people are beginning to ask if we are not upon the threshold of a complete breaking down of modern civilization and the birth of a new order of things, in which direct government by the people throughout the entire world will be coincident with the rise of a universal religion based on the brotherhood of man. In such a time any contribution to current literature that will help to clear the ground of misconceptions and to bring to the attention of those interested in such things, that set of fundamental natural truths known as theosophy, may perhaps be helpful. Whether or not the world is about to recast its ethical code there can at least be no doubt that it is eagerly seeking reliable evidence that we live after bodily death and that it will welcome a hypothesis...
