John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, The Failing Logic of Money, Duane Mullin, We are facing a failing economy, unstable banking institutions, closing businesses and rampant home repossessions. There is war, crime, environmental damage and general unhappiness. The cause of all our problems is our current financial system, which is wasteful, cruel and brings out the worst in human nature. Money affects the quality of the food we eat, the relationships we pursue or end, the way we treat animals, motivates the destruction of our planet and supports a neo-feudal social structure. There is a viable alternate to our money based economy and only now, with the technology and knowledge we have, can we sweep away the terrible problems of the world by dealing with the cause. All it takes is a collective resolve, a willingness to challenge convention and the maturity to make it happen. This book not only explains the reasons for war, starvation and our sham democracy ignoring our wishes, but reveals how the public can take back control of politics and change society for the better.
