Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

GENERAL SUMMARY The year as a whole averaged warm and dry as compared with the records of the past thirty-nine years. Only four of these years have been warmer than 1914, and the warmest year, 1900, had a temperature 1.1 higher. The year was unusual, as the temperature was above normal, except in February and December. The deficiency was small in February but was large in December; in fact, December was the coldest month of...
